

Empathy Map

Date	29 June 2026
Team ID	XXXXXX
Project Name	RISING WATERS
Maximum Marks	4 Marks

Empathy Map

An empathy map helps us understand the needs, thoughts, actions, and emotions of people living in flood-prone areas. It identifies their challenges during floods and helps design the Raising Waters solution to provide timely alerts and improve safety.

SAYS	THINKS	PERSONA NAME
- I need timely flood alerts. - I want to keep my family safe. - Water levels rise very quickly	- will the flood reach my house? - is it safe or evacuate? - I need reliable warning information	Flood-prone Area resident

DOES

- checks weather and flood updates
- moves valuables to safer places
- prepare emergency supplies

FEELS

- worried about heavy rainfall
- stressed about family safety
- relieved when early warnings are received
